

M.R.F. Supervisor's Monthly Report Jan. 7th, 2012

The jobs done by Carey and Ted at the dump for the month of December include:

Accepting incoming rubbish
Crushing glass
Sorting recyclables
Working on the demo area
Baling recyclables
Sorting scrap metal
Working on the exchange
Processing old paint
Working on electronics
Switching out the solid waste and demo boxes
Working on the haz-mat
Moving snow
Working on the equipment
Getting ready for winter (if it comes)
Cleaning the shop
Filling out D.N.R. surveys
Answering numerous phone calls
Plus our daily routine

Additional info:

1. I have been having some electrical issues with the plow truck. I'll try to figure it out. Scott really doesn't want to mess with it. So I may have to get someone on the mainland to work on it.
2. I may do one more load of recyclables before we get ice (if we do). I have to check with Chicago Iron and see if we can swing it.

Respectfully Submitted,

Ted Pallas Supervisor M.R.F.
